General Description of the WOO Tournament: Each team captain will arrive an hour early and pick the team's starting tee and 9 consecutive holes. We will make up score cards for your team as the holes are drawn. We will also have every possible tee and hole combination with yardage and pars. After you putt out on your first hole you will tee off from the next tee box to your teams next hole that was drawn. E.g. If your captain draws tee box 5 and hole 13 your team will proceed to tee off from tee box 5 to hole 13 playing the best ball on each shot. Once you putt out on 13 you will proceed to tee box 14 and tee off to the next hole drawn.

Rules: You cannot hit over buildings, parking lot or people.

We hope you enjoy your WOO experience!

Play fast, be careful, be safe and Watch Out!!
